### PROFILE

Internationally experienced hospitality and facility operations professional with more than 20 years of experience across complex, high-occupancy and 24/7 hotel environments.

My background combines facility and technical operations, practical building-systems knowledge, preventive maintenance, asset and lifecycle planning, CAPEX, supplier management and digital infrastructure.

Experienced in working between hotel operations, technical teams, specialist contractors and suppliers, translating operational requirements into practical solutions and supporting commissioning, refurbishment and improvement projects in live environments.

German native speaker with professional fluency in English and extensive international experience across Europe and the United States.
